Designing a Waterfront Park for Jersey City

Only a few times in our lives do we have the opportunity to make a real difference in our community. Take this opportunity to contribute to the design of a premiere waterfront park for Jersey City and help shape our community.

On October 29th the Light Horse Tavern will host an evening of food and fun to design a premier waterfront park for Jersey City.

Make a contribution and attend this great fall celebration.
a 'Connect the Parks' PHPC/HPHA fund raising event
